## MORE KISSING POETRY.

In Lawrenceburg the pretty girls,  
Are the prettiest, and the gaudiest girls,  
Never fails to restore  
The yellow color to grey  
hair, and \$1 a dose of  
fragrance.

For every kiss  
For every kiss.

With whom girls, of course, you know,  
With strangers it would not be safe,  
And should no try a kiss to get.

From our dear girls, you'd better not  
Get a kiss, but that has, in that day,  
Before he tried had gone away.

—Anecdote Now,

We're always thought 'twas not beauty,  
All day to stand a kiss,  
But all the pretty girls of Coalts  
Are pleasant, modest, badful ladies;

So all the boys decide;

Ye never have our girls decided;

But send a few from Hopkinsville,  
We'll guarantee them 'll get their fill.

HOPKINSVILLE, APR. 11, 1882

Democratic State Ticket.

For Clerk of the Court of Appeals,

THOS. J. HENRY,

OF MORGAN COUNTY.

Mrs. Emily K. Bristow, mother of ex-Secretary B. H. Bristow and Major F. H. Bristow, died at Elkhorn, Ky., April 3, after a painful and protracted illness.

Died the Louisville Commercial, live up to the "code of morals." It serializes for Democratic candidates? We will not hold our breath till we get an affirmative answer!

W. C. Coup, the showman, has purchased Gilmore's clothes that he wore when he killed President Garfield and also the suit worn during his trial. The price paid was \$350.

The anti-Chinese bill, which prohibits immigration for twenty years, has been vetoed by the President. Another bill making it ten years has been introduced by Senator Miller.

The Governor has appointed Col. F. L. McChesney, editor of the Party Citizen, Col. H. H. Thompson, Louisville and Hon. Linn Boyd, of Carroll, as Railroad Commissioners for Kentucky.

A number of lawyers met in Louisville last Wednesday and organized a State Bar Association. Judge B. F. Tucker, of Lexington, was made President and Geo. Baker, of Louisville, Secretary.

C. T. Rushing suicided by shooting at Glasgow. He had been, as he claimed, unjustly indicted by the grand jury for burning his house, and shot himself in the head while alone in his room.

The indications begin to look decidedly like the Capital would be removed to Louisville. That city offers \$2,000,000 as a bonus and a majority of the members of the Legislature favor removal.

The old Second District loses two counties, Ohio goes to the Fourth and Muhlenberg to the Third. This ends out two prominent candidates for Congress—Hon. E. D. Yost, Jr., of Hartford, and W. H. Yost, Jr., of Greenville.

The two factions of the Democratic party in Tennessee will call a joint gubernatorial convention and attempt to unify the party in the State. It is to be hoped they will succeed and nominate a candidate who will be acceptable to both factions.

Sara Bernhardt was married in London last Tuesday to a wealthy French actor named Danica. She will continue her theatrical career. The couple are pretty well "heeled," and Sara is worth 1,200,000 francs and Danica is also quite rich.

The President has nominated Henry M. Teller, of Colorado, for Secretary of the Interior to succeed Kirkwood, and Wm. E. Chandler, of New York, to succeed Hunt as Secretary of the Navy. Hunt is nominated as Minister to Russia.

The time has come for the Democrats of Christian county to make a fight to win. The Republican ticket is not a strong one as a whole and it is the Democrats will put out good men they can get some of the offices, if not all. Let this be done at once and let the skirmishing begin so that the troops may be ready for heavy fighting next summer.

Another somewhat modified anti-Chinese bill will be passed by Congress and it too is vetoed. It is the opinion of politicians of both parties that Arthur's action will sound the death knell of the Republicans party in the Pacific states. The bill was a Democratic measure and the greatest blunder of President Arthur's administration was his refusal to sign it.

President Arthur's cabinet as reconstructed now stands:

R. G. Flagg, Secretary of State.  
W. H. Folger, Secretary of the Treasury.  
W. H. Chandler, Secretary of the Navy.  
H. M. Teller, Secretary of the Interior.  
R. T. Lincoln, Secretary of War.  
H. H. Brewster, Attorney General.  
T. O. Howe, Postmaster General.

Lincoln is the only member of Lincoln's cabinet who has not been bonded.

Old John Bender, the infamous human butcher of Kansas, who with his daughter Kate murdered so many people until hunted down a few years ago, has been arrested and identified at St. Louis. The way travelers were murdered is well known. Kate would entice them into the lonely road side inn they kept and get them with their heads to a canvas screen when the old man would brain them with an axe and their bodies would never again be heard of.

Mr. H. M. McCarty has sold his paper, the Elizabethtown News, to Messrs. W. W. Anderson and H. A. Sommers, who will continue its publication as heretofore. Mr. McCarty is one of the veteran journalists of Kentucky and in his retiring from the news he wishes it understood that his editorial career is by no means at an end, but he will continue in his chosen profession in some other quarter. His successors are young men of merit and capacity and we wish them success.

Capt. Henry.

NONSENSE.

Capt. Thos. J. Henry is charged by the Louisville Commercial with being on a spree in Louisville, a few days since, and behaving in a disgraceful manner. It charges that he got drunk, visited other places than the Y. M. C. A., and used obscene language in the office of the Willard Hotel within the hearing of ladies. These charges, if true, are not complimentary to Capt. Henry. The Breckinridge News without stopping to ask into the truth of the charges, hauls down Capt. Henry's name and refuses to support him for Clerk of the Court of Appeals. While we do not desire to appear as the champion of such conduct, we are constrained to take a common-sense view of the matter. What if Capt. Henry did get tight? Is there anything to disqualify him for office in that? Is temperance to be an element in politics? If so we had better get out our political guillotines and begin decapitating office holders from President down. Show us a politician who is not addicted to drink and you show us the eighth wonder of the world. If you take Capt. Henry off the ticket, why not impeach the office-holders and dislodge the disloyal candidates as an votors, who got drunk on his liquor, after the nomination at Frankfort. Right here we wish to say that no man deprecates such conduct more than we. During our whole life we have never encouraged drunkenness by drinking one drop of intoxicating liquor as a beverage. We are opposed to having the question of temperance brought into politics. Capt. Henry had not been intoxicated for five years and we have no doubt that it was a "put up job" on him. He does not deny that he was intoxicated and he comes forward and says that he will abide by the decision of the Democratic Committee and stand by them. For instance, Scrooges, or Grimes sounds quite sweetly when the name is born by a fellow's girl, and Smith is positively poetical.

The Legislature last week, during the tow:

From the Madison crowd's ignoble strife, Their sober (?) wives never learn to starve?

It must have been very misleading to Ed. Madson to have the State Journal stile to him as "A Mr. Madden."

If a man wants to find out how many are "promising" young men there are in the country let him go into the collecting business.

The "fall timber" at Frankfort does not seem disposed to imitate the example of other timber at this season of the year and leave.

A Hartford debating society has settled a mooted question for the people of Kentucky and decided that Gov. Blackmar has not abused his pardoning power.

The Louisville Post has heard of a young man who committed suicide by shooting himself. Did you ever hear of anybody who suicided by shooting some one else?

"Always keep a smile for Mother," is the title of a new song just out.

As a general thing a fellow's mother is the last person he wants to find out that he ever indulges in a "smile."

Bilkins says to properly appreciate some names, a fellow must be in love. For instance Scrooges, or Grimes sounds quite sweetly when the name is born by a fellow's girl, and Smith is positively poetical.

The State Sentinel says we have been elected an honorary member of the Henderson Bachelors' Club. We suppose it will be in order for us now to disown the sunflower and adopt the bachelors' button as the emblem of our aestheticism.

A countryman was seen hauling a load of wool along the street the other day, when Bilkins approached a crowd who were lounging in front of the court-house, whistling on the fence, and asked:

"Why is that wood like the Republican party in Christian county?"

"Because it is sold," said a Repub.

"Because it is all cut up," remarked a Democrat.

"Because it is for sale," put in a Greenbacker.

"No gentlemen," proudly remarked the originator of the communiqué, "it is because it is not in a card."

The country is on the eve of another tidal wave of Democratic success, similar to that which swept the country in 1873 and gave the Democratic control of both houses of Congress. In all of the elections held last week the Democrats have made substantial gains and in many places gained signal victories. Cincinnati went Democratic by 6,000 majority. The Democrats also carried Dayton by 400, Columbus by 600, Toledo by 1,000, and Cleveland elects a full Democratic ticket which has here-to-been Republican. In Indiana the Democrats redeem Indianapolis, Richmond and other towns by big majorities and make gains nearly everywhere. In Michigan the Democrats carry Lansing, Owosso, Marshall, Ann Arbor, Ypsilanti and Niles. They also carried Grand Rapids by a coalition with the Greenbackers. They elect the entire ticket in Saginaw City and a portion of it in East Saginaw. In Iowa the Republicans are defeated in Keokuk and Dubuque. For the first time in twenty years the latter city has a Democratic ticket to the Democratic party, if all of the State press should do likewise. So far as we have seen the news is the only paper that has acted so hastily and inconsistently.

We desire to say to the Repub-

licans nominating for county offices, in the beginning of the campaign, that we intend to use every honorable means in our power to prevent their election. While we shall oppose them to the extent of our ability, we shall treat them with courtesy and tactfulness. We will "nothing extenuate, nor ought set down in malice,"

We will attack a man's private character, but as a Democratic organ the South Kentuckian will go upon the principle, "wherever you see a bad, hit it," politically speaking.

It is the intention of the officers of the W. K. P. A. to call a meeting of the Association some time in May or June. The editor of the Banner has invited the body to meet in Princeton and the editor of the State Sentinel has extended a like invitation to it to hold its next convention in Henderson. The matter will be decided in a few days and the meeting called. We are confident that either town would be a pleasant place to meet.

It will be remembered that we made mention a few weeks since that the killing was in accordance with a preconcerted arrangement made with Gov. Crittenden, by which they were to get one fourth of the \$10,000 reward. There is no doubt that it was the veritable Jesse James, as his wife and mother were examined at the inquest and testified as to his identity. His remains were turned over to his friends after the inquest. Jesse James is still alive and will probably take vengeance on his brother's murderer unless he proves himself exceedingly wary.

The map adopted was the one known as the "Owens map." It is upon the whole a good one and will give pretty general satisfaction. It will be seen that Christiana is still in the Second District.

The State Sentinel says we have been elected an honorary member of the Henderson Bachelors' Club. We suppose it will be in order for us now to disown the sunflower and adopt the bachelors' button as the emblem of our aestheticism.

**Death of Maj. Kelly.**

Maj. H. F. Kelly, probably the oldest man in the city, died Monday April 3, aged 81 years 3 months and 24 days. He was born in central Kentucky and came with his father's family to this country when quite young. He was formerly a member of the bar in this city and was elected to the Legislature in 1855-59. He afterwards moved to Kansas and remained several years. He returned to this city in 1871 where he has since lived. At one time he was well-to-do, but reverses came and he lost everything. He had been very feeble for some years but kept about occasionally. Only a few days before his death he was seen on the streets bowed down with the infirmities of age, supporting himself with a stick as he walked along tottering on the verge of the grave. He joined the Christian church about 7 years ago and lived a consistent member till the time of his death. He leaves no family and no immediate relatives.

**Death of Maj. Kelly.**

Maj. H. F. Kelly, probably the oldest man in the city, died Monday April 3, aged 81 years 3 months and 24 days. He was born in central Kentucky and came with his father's family to this country when quite young. He was formerly a member of the bar in this city and was elected to the Legislature in 1855-59.

He afterwards moved to Kansas and remained several years. He returned to this city in 1871 where he has since lived. At one time he was well-to-do, but reverses came and he lost everything. He had been very feeble for some years but kept about occasionally. Only a few days before his death he was seen on the streets bowed down with the infirmities of age, supporting himself with a stick as he walked along tottering on the verge of the grave. He joined the Christian church about 7 years ago and lived a consistent member till the time of his death. He leaves no family and no immediate relatives.

Engineer Dennis, who ran over the negro girl, Sarah Jane Orient, was tried for murder last Thursday before Judge Long. Mr. Dennis did all in his power to stop the train and even jeopardized the lives of the passengers by reversing the engine on the bridge.

The *New Era* suggests that the books and money of the "Christian County Library Association," which has ceased to exist, be donated to the Public School Library. There is about \$300 in the hands of the Treasurer and also a large number of valuable books which are never read. The money was raised about eight years ago and has been lying idle ever since. The suggestion of our neighbor is a good one and we heartily endorse it.

McAfee, Jno. M. Wilkins and Thos. J. Smith, two of the substantial citizens of Bowling Green, came to this city last week as a committee to inspect our public schools. They examined not only the structure, but also the methods of heating, the fixtures, conveniences, etc., and inquired into the system of instruction followed in the institution. They expressed themselves highly pleased with the schools in every particular. Bowling Green has, by a popular vote, decided to establish a system of free schools similar to ours, and the gentlemen mentioned above came to get information on the subject.
